

METROPOLITAN BRANCH TRAIL UPDATE

Final Scope of Work:

The final scope will extend the proposed shared use path along Selim Road and connect the trail at-grade at Burlington Avenue (MD 410) to the existing sidewalk. This work will also include a retaining wall along the CSX tracks, as well as pedestrian lighting, landscaping, signing and pavement markings, and sidewalk/driveways along the east side of Selim Road.

Project Highlights:

- New Pedestrian Bridge to be complete by October 31, 2025.
- The amended final scope will extend the project until August 27, 2026.
- Essential County services will continue to be provided.
