Hi Joshua: it looks like there are no existing Storm Drainage Structures or Utilities within the 10ft ROW. We have no objection to the abandonment.

Good Morning Atiq,

I have reviewed the abandonment request for the 10' public alley in question.

I have looked at the final property plan (they're consolidating the entire block into a single lot), according to our GIS and Storm Net, there are no storm drain lines or utilities within the alley and in my opinion, there is no need for us to keep it.
