Crystal,

I spoke with Ms. Tiara last week.

We approve of the abandonment of Liberty Mill Road.

I currently have a subdivision project that's connected to this abandonment. PEPCO does have OH Lines where the road is to be abandoned but we are working out a plan to see if these OH lines need to be relocated or not.

Tiara mentioned the trail is over but if you still could provide them documents of PEPCO's feedback.

Thank you,

Good morning,
Is there an update for this request? I haven't heard anything since June.
