Subject: Schedule of Fees for Permits, Licenses and Certifications – METHOD 2	Number: 9-15AMII
Originating Department: DEPARTMENT OF PERMITTING SERVICES	Effective Date: July 1, 2015

ADDRESS: Department of Permitting Services
255 Rockville Pike, Second Floor
Rockville, Maryland 20850

BACKGROUND INFORMATION: The Department of Permitting Services was established as a fee-supported enterprise within the Executive Branch of Montgomery County in 1996. Revenues that support the Department are established under these Method 2 Executive Regulations and by County Council resolution. In Fiscal 2015 the Department of Permitting Services engaged in a comprehensive study of its fee structure. As a result of this study, certain recommendations were made to simplify several elements of its fee structure, including eliminate the Maryland National Capital Park and Planning Commission (MNCPPC) surcharge, adjust fees based upon functional analysis, replace multiple construction-type based fee rates with a per square foot construction rate, or flat fees and apply a rate stabilization factor to address revenue volatility and avoid excess reserve. For residential and commercial new construction, additions and residential alterations, fees are calculated on gross square footage of construction or area impacted by construction. For commercial alterations, the fee is calculated using cost of construction multiplied by a local multiplier. This regulation also establishes flat fees for routine residential and commercial building permits. The Fire Code Building Permit Inspection Fees have been eliminated. This regulation includes Building Permit fees for electric vehicle charging stations and rooftop solar photovoltaic systems for single family dwellings as required by Bill 11-14 Buildings – Electrical Vehicle Charging Station Permits – Expedited Review and Bill 1-14 Buildings – Solar Permits – Expedited Review both of which were effective July 31, 2014. The fees for Benefit Performance Licenses and the fee for Storage of Vendor-Confiscated Goods have been moved to this regulation from Executive Regulation 15-13 Schedule of Fees for Permits, Licenses and Inspection – Method 3 (COMCOR No. 19.67.02).
