

Montgomery County Fire and Rescue Service FIRE CHIEF'S GENERAL ORDER

NUMBER: 17-05

May 5, 2017

Page 1 of 1

TO: All MCFRS IECS Personnel

FROM: Fire Chief Scott E. Goldstein

SUBJECT: ADA Training

Montgomery County Government is requiring all IECS Certified Personnel to complete the ***Americans with Disabilities Act (ADA) Training***.

MCFRS administrative personnel whose primary job responsibilities bring them in-contact with the public, (more than just occasional interaction) must complete the ADA training.

The department has developed an on-line course that is geared specifically for public safety personnel. This training consists of scenario-based review of basic ADA concepts and best practices when dealing with people with disabilities.

The link to this mandatory training program is below. Personnel will need to use their tech training website login ID to access the course.

<http://www.mcfrsit.com/trackingADA/>

You must complete this training by July 10, 2017.

Failure to complete this training, as required, may result in disciplinary action.

This FCGO will expire September 11, 2017.
