

E. Exchange and Replenishment Procedures

1. Personnel will exchange and replenish units of blood at:
Suburban Hospital
8600 Old Georgetown Road
Bethesda, MD 20814
2. Blood exchange with Suburban Hospital will occur every 14 days according to a predetermined schedule.
3. In general, all blood will be exchanged according to the schedule regardless of the length of time a particular unit has been in the possession of MCFRS.
4. Paperwork from Suburban Hospital will contain information for each unit of blood. The EMSDO will take a picture and upload this via the JotForm at the time the unit of blood is picked up or returned.

A photo of each unit that clearly displays the label and the Hemo-Trac will be uploaded via the JotForm at the time the unit of blood is picked up or returned.

5. Only EMSDOs or personnel specifically authorized by the EMIHS Operations Battalion Chief are permitted to exchange or replace blood products.
6. When LTO+WB is administered in the field, the EMSDO shall notify the EMIHS Operations Battalion Chief. The EMIHS Operations Battalion Chief will make a decision regarding resupply and will contact Suburban Hospital as necessary.
