

Montgomery County Fire and Rescue Service

FIRE CHIEF'S GENERAL ORDER

NUMBER: 12-04

March 6, 2012

TO: All MCFRS Personnel

FROM: Richard R. Bowers, Fire Chief

SUBJECT: Newly Acquired or Purchased Aerial Units

The current *Fire, Rescue, Emergency Medical Services and Community Risk Reduction Master Plan* states that MCFRS should move toward deploying an aerial unit fleet of tractor-drawn ladder trucks and aerial tower ladders.

Any aerial to be purchased or acquired by the Montgomery County Fire and Rescue Service, or by a Local Fire and Rescue Department, must be either a tractor-drawn aerial equipped as a Rescue Truck with a minimum tip load of 500 lbs. and a pre-connected water way, or an aerial tower ladder with a minimum tip load of 1000 lbs.
