## FIRE CHIEF'S GENERAL ORDER

NUMBER: 12-15

June 21, 2012

TO: All MCFRS Personnel

FROM: Fire Chief Richard Bowers

SUBJECT: Updated MCFRS Unit Numbering System

This Fire Chief's General Order updates the MCFRS Unit Numbering System provided in FCGO 07-21, dated October 9, 2007, and makes the following changes:

- Non-Metropolitan Washington Council of Governments (MWCOG) unit numbers have been converted to 700-series MWCOG unit numbers;
- Radio designations for units have been converted to plain English descriptors;
- Radio designations containing the word "*manager*" indicate a civilian, non-operational, non-IECS-certified position; and
- Senior staff with a radio designation containing the number "700" should ***not*** announce the "700" for in-county responses.

Example: The Communications Assistant Chief's unit number has been changed from U20, to CC700 (for CAD and RMS), which will be verbalized on the radio as "Communications Chief" for in-county responses, and as "Communications Chief 700" for out-of-county responses.

- The Communications Chief will update and publish this Unit Numbering System on an annual basis.

MCFRS personnel are directed to use the updated unit numbers on the attached spreadsheet effective immediately.

If you have questions, please contact the ECC Section Chief.
