

THANK YOU

For Shopping at Montgomery County Wine & Liquor Stores!

Shopping here generates revenue for Montgomery County – money that stays in the County, working for **us**, not in the pockets of out-of-state liquor interests.

Local liquor control doesn't cost taxpayers a single dime and contributes an average of \$30 million every year to the County's general fund – helping us fund schools, transportation, help for the vulnerable in our midst and more.

Eliminating County liquor operations means \$30 million in reductions to critical County services and/or an average increase of \$100 in property taxes for every County household!
